APPLICATION form

The following details should be attached to an application

Checklist	Description	Attached
1	<p>If the variation is to add a block to the location, please provide details of, and reasons for, the variation. Your application should include the following information:</p> <ul style="list-style-type: none"> a map showing the outline of the pool(s) within the block nominated to be added to the location, at basin (regional) and permit (detailed) scales a report, including, <i>inter alia</i>, discovery history and exploration well results and key petrophysical, stratigraphic and pressure interpretation and results for the pool(s) and aquifers within the block to be added to location details of the testing programs and the recovery of petroleum from the pool(s), including hydrocarbon compositional analyses structure contour maps and/or structural amplitude maps of key horizons and cross sections; and seismic sections through the pool(s) showing lateral and vertical extents of the hydrocarbon pool(s) annotated with the graticular block boundaries; and relationships to any other adjacent accumulations, at the P10, P50 and P90 confidence levels. Indicate the seismic surveys used for mapping and the vintage/level of processing undertaken on these data. For amplitude maps describe how the amplitudes were extracted. For QI/inverted seismic products describe how they were generated. 	<input type="checkbox"/>
2	<p>If the variation is to delete a block from the location, please provide details of, and reasons for the variation. Your application should include the following information:</p> <ul style="list-style-type: none"> a map showing the outline of the block nominated to be deleted from the location, at basin (regional) and permit (detailed) scales a report, including, <i>inter alia</i>, discovery history and exploration well results and key petrophysical, stratigraphic and pressure interpretation and results for the pool(s) and aquifers within the block to be deleted from the location details of the testing programs and the recovery of petroleum from the block(s) within the location, to demonstrate that no petroleum pool exists within the block to be deleted from the location structure contour maps and/or structural amplitude maps of key horizons and cross sections; and seismic sections through the pool(s) showing lateral and vertical extents of the hydrocarbon pool(s), annotated with the graticular block boundaries, to demonstrate that no petroleum pool exists within the block to be deleted from the location. 	<input type="checkbox"/>
3	A statement of any other matters that the applicant wishes to be considered.	<input type="checkbox"/>
4	Copy of evidence of payment of the application fee.	<input type="checkbox"/>
5	Figures in the text should be legible, and should also be provided as separate files in an attached appendix at a resolution of at least 300 dpi. If applicable, seismic sections should be included with and without interpretation.	<input type="checkbox"/>
6	One (1) paper copy and one (1) electronic copy in text search format (on CD or USB) of the application.	<input type="checkbox"/>
